

South Carolina EDP iPad® Project

The South Carolina Equipment Distribution Program (SCEDP) was established to provide qualified South Carolina residents with the telecommunications equipment needed to communicate with others by telephone. Select individuals may qualify to participate in the SCEDP iPad® Project**.

SCEDP's customers include people who are:

- Deaf
- Hard of Hearing
- Deaf-Blind
- Blind/Low Vision with Hearing Loss
- Speech Impaired

If you are eligible, you will get the equipment you need for as long as you need it. To qualify for the iPad® Project, you must be a legal, permanent resident of South Carolina, have phone service, have high-speed internet access in the home, have a permanent disability that prevents you from using an Amplified or Caption telephone and be confirmed by one of the following professional certifiers:

- Audiologist
- Physician
- Physician's Assistant
- Advanced Practice Registered Nurse
- Speech-Language Pathologist
- Hearing Instrument Specialist

**iPad® quantities are limited and will be distributed until monthly supply is exhausted.

How much will it cost?

There is no cost to you. The program is funded by the telephone subscribers of South Carolina. Funds are collected through a monthly surcharge on all telephone lines in the state.
